The information submitted for this contractor's registration is true and accurate to the best of my knowledge. I understand that permits are required to be issued prior to commencement of any and all construction work, and that periodic inspections must be requested for by myself or my staff, to be performed by the Building Department, particularly prior to performing any work that will cover or obscure previous work, and that permission to cover work will always be given in writing. The city reserves the right to hold or deny permits to contractors who fail to complete and obtain finals for each permit issued under their registration. Further the city may fine or suspend the registration of any contractor who fails to comply with applicable city, state, or federal codes and regulations. If Citations are issued for violations, the city is obligated to contact any applicable licensing board.
